

**WEN FUTURES**

**Position Title:** Derivatives and Stock Trading Intern (Entry-Level)

**Reports To:** Senior Trader / Trading Manager

**Location:** Remote

**Position Type:** Internship 3 Months

**Compensation:** Unpaid with future opportunity for employment

---

#### **Position Summary:**

We are seeking a motivated and detail-oriented individual to join our trading team as a **Derivative and Stock Trading Intern**. This entry-level position is designed to provide hands-on experience in financial markets, focusing on equity and derivatives trading. The intern will support the market analysis, trade execution, and risk management activities, gaining exposure to real-time market operations in a fast-paced environment.

---

#### **Key Responsibilities:**

- Assist in monitoring real-time futures and equity markets across multiple asset classes.
- Support the trading team in research, strategy development, and trade idea generation.
- Prepare and analyze market data, charts, and trading models.
- Participate in simulated trading sessions and trading system testing.
- Document and report trade outcomes and performance metrics.
- Learn and apply risk management principles under supervision.

- Stay up-to-date with market news, economic indicators, and relevant financial events.
  - Contribute to post-trade analysis and performance reviews.
- 

#### **Qualifications:**

- Strong interest in financial markets, trading, and investment strategies.
  - Basic understanding of stock and futures markets preferred.
  - Proficiency in Microsoft Excel; familiarity with Python, R, or trading platforms (Bloomberg, ThinkorSwim, etc.) is a plus.
  - Analytical mindset with strong numerical and problem-solving skills.
  - Ability to work under pressure and make sound decisions with guidance.
  - Excellent written and verbal communication skills.
- 

#### **Learning Outcomes:**

By the end of the internship, the intern will:

- Gain a solid understanding of futures and stock trading mechanisms.
  - Develop skills in market analysis, risk assessment, and trade execution.
  - Learn how to interpret market news and its impact on trading strategies.
  - Understand professional trading ethics and compliance protocols.
  - Build a foundation for potential full-time opportunities in trading or financial analysis.
- 

#### **Work Environment:**

- Fast-paced and collaborative team environment.
  - Exposure to real trading systems, platforms, and market data.
  - Access to mentorship from experienced traders and financial professionals.
-

## **How to Apply**

Interested candidates should submit:

- Resume
- Any relevant coursework or experience
- Brief cover letter explaining why you're a good fit

**Deadline:** Starting date as soon as available
